BY SMITH & SAYWARD. FRIDAY, OCTOBER 13, 1848. VOLUME XV.....NUMBER 89.

atent Mill Wheels.

Tinbey's Patent

o Vent Cast Iron Water Wheels

—for—

SAW MILLS,

nted by T. R. Tinbey of Cato N. Y.

IE undersigned would invite the attention of the Public to the above named WHEELS, ha been thoroughly tested in *Competition* with other popular

SAW MILL WHEELS

at the present time, and they can confidently mend them with the same head and quantity er applied as possessing and combining more d speed and giving a more uniform and e in and out of the cut (and therefore e to break crankes) and will also run *longer* Wheels use

th r advantage which this Wheel has over is that it is constructed with but Two Vents discharge of water which makes the spoke arger and allows the drift stuff to escape t filling up the Wheel

ans wishing to adopt the BEST WHEEL well to call and examine before purchasing ere

old also call the attention of Mill Owners and Operators to

Valentine's Patent

ing Centrifugal Water Wheel,

—FOR—

PRIGHT SHAFTS,"

H are adapted for driving all kinds of Machinery Manufacturing establish Mills and are made of different sizes so as amount of power required and from the nese Wheel have acquired by the use t a local hundred of them already we feel confident in recommending ning to real advantages than any other perior particular Shafts now used

ference of the merits of the Wheel we the following extracts from the experiments made with the same by THA ALLARD Esq Civil Engineer—Lowell, well known as one of the most Scientific experienced practical Engineers in the

Wheel is formed with curved floats the depending upon the size and vent of the ch extending so far around the Wheel the water arrives at the jet its pressure expended that it falls very nearly inert Wheel The Wheel is inclosed in a cylinder curb or flume in which the water its full head the column being sustained tionary plate in dense air the Wheel so no downward pressure upon the Wheel ds perfectly free in the column of water is arrangement all the friction on the step ng like Wheel is avoided and so much of saved which in the ordinary mode of operating lost

Wheel is adapted to low as well as high water and will run as well in back water p is the head rises in a freshet as back water But a Wheel with the jets ed for a high head will not answer for and vice versa for as the head increases, the jets should be proportionably de that the water may not issue to waste, ve to best effect to the Wheel

ese with trials show conclusively its superiority to the best constructed ds with the advantage of working effectually in situations where the Breast the wheel is less liable to wear and ly accessible when they are needed, ion in the cellar is much more durable, very much less room in a mill or shop — structure durability of parts convenient of attention and excellence of power are ly indispensable recommendations for this Wheel MARA BEARD *Civil Engineer*

of the above Wheels with all the d most IMPROVED patterns of arning, Machinery, &c., Shafting, Clapboard, Sapping, Lath and Box Machines,

Engines and Boilers,

with all kinds of

PAPER MACHINERY,

red and furnished on the most favorable terms—

NEW AND

Important Discovery

GRAY HAIR can be restored to its original color whether Auburn Brown or Black Sandy, Light or Red Hair can be matched with any darker shade, so as to be in beauty equal to most natural locks, rendering the close and softness of the original Hair, by using O M Ballard's

Permanent Liquid Hair Dye,

A pure preparation which is entirely different from all the common preparations of Hair Dye now before the public. *It is free from all injurious properties which can accompany the use of other Dyes, and is the only one which can be relied on to produce a lock of the finest and most delicate shade.* This unfailing and elegant Dye which will not injure the health or the texture in the slightest degree, is the best evidence that can be given that it is free from injurious properties. On the contrary it improves the texture of the Hair promotes its growth, prevents it from falling out and so far from injuring it, renders it soft and silky. Hair colored and dyed with this preparation will not crack, fade, or wash out.

In short from its peculiar efficacy, softness, and easy application it is worthy the attention of all who may wish to improve the color of the Hair, as it will make any shade from a white to a jet black. It is now used to an unaccountable extent, by persons who have prematurely turned gray and others whose Hair has assumed a disagreeable color which they restore to its original beautiful Auburn Brown or Black without any unpleasant trouble or at the slightest trouble.

DR. CUMMINGS'S

Compound Extract of Sarsaparilla and Dock.

THE articles above named are the principal ingredients of this medicine. With these other vegetable origin are combined designed to render them more active, and consequently superior in their effective

The Dock or rather a species of it now ranks as an herbal plant second to none of the vegetable kingdom. With the aid of a distinguished chemist the proprietor has consulted in the preparation of the compound he has succeeded in overcoming the difficulty of preserving the extract of the Dock for any consider ble length of time. Every year the proprietor has tested in his practice the efficacy of the principal substances of the compound and is perfectly satisfied that they possess all the properties which have been ascribed to them. It recalls the received idea of uniting remedies which have proved in the production of the compound. In this the ingredients are found to combine and to lose none of the virtues which they severally possess.

A larger portion of Sarsaparilla is soluble than has generally been supposed. The extract root is here used and least half a ounce infusion is prepared by subjecting the root in the action of the menstruum usually employed in extracting its values from a same without the crude or coarse fibres. Sarsaparilla is permitted to be used in the compound that has not been of medicinal properties and that has been less than a year in preparation.

The Compound is recommended for Scrofulous Complaints, Ulcerous affections, Erysipelas and Mercurial diseases. Also for the numerous maladies arising from sedentary employments, occupations of a harassing and fatiguing nature, intense application, exposures to extremes of heat and cold, overtasking the physical powers and other abuses of the constitution among which are Neuralgia, Piles, Affection of the Liver, Bilious Complaints and Dyspepsia or indigestion.

For diseases of warm climates with which the proprietor became familiar in his practice in Havana some years since this compound will prove particularly efficacious both as a remedy and a preventative.

This medicine has been for some time in use in cases where the proprietor has passed nearly half a century of his professional life. It was extensively prescribed by him while in practice and is believed to be in favor with his medical brethren in general to whom he is known.

Prepared only by Dr Stephen Cummings, and sold at wholesale and retail by Joshua Burgess & Co No 113 Middle street and Edward Mason, No 153 Middle street—only agents for Portland

NEVER DESPAIR OF LIFE

KELLEY & CO'S

HIGHLY CONCENTRATED

SARSAPARILLA

Cures the Worst Diseases that ever preyed on the Human System, and saves Thousands of Lives

Annually!!

10,000 CASES

Of SCROFULA cured by it this year, and 5,000 Cases DYSPEPSIA and HUMORS, of which *proof* can be furnished. This is the only medicine known to cure these diseases

THIS Sarsaparilla will bear TWO QUARTS OF WATER to a Bottle and then be far superior to any in use. It is put into this Bottle its FULL STRENGTH and power without reducing it and this is done for the special benefit of those who use it as it is objected to all other Sarsaparillas that they are Weak Clumsy, Adulterated Sickish and are wholly incapable of reaching the seat and cause of the disease. But this Sarsaparilla comes warranted to be

Six Times Stronger

than any other and Six Times Better Safer, Surer, and Cheaper than all others. *THIS* Sarsaparilla has bestowed on it some of the best MEDICAL Talents and Skill in the world, and CURES all the Sickness KILLS all the Pain and REMOVES all the suffering that it is in the power of Human means to do. It Cures

Scrofula, Dyspepsia, Jaundice, Liver Complaint, Humors, Canker, Costiveness, Rheumatism, Cancer, Debility of the System, Salt Rheum,

and every Disease which arises from **Impure Blood!**

CONSUMPTION CURED WITH

KELLEY & CO SARSAPARILLA!

A PHYSICIAN, who is truly the most distinguished of any in a large City for professional skill CERTIFIES, something as it may seem, that he actually CURED a case of **Consumption** with Kelley & Co's Sarsaparilla, and says that there is no medicine in which he has so much confidence for **Diseases of the Lungs.**" Some will doubtless at this REMARKABLE Cure, but hundreds are knowing to the fact. This INESTIMABLE Sarsaparilla is also doing wonders in foreign cities. And says

SIR BENJAMIN BRODIE,

Surgeon to the Royal Family of England that there is no other medicine which is CAPABLE of doing so MUCH GOOD and yet so INCAPABLE of doing injury. What distinguished compliments are these! Never was there a medicine honored with so MANY RECOMMENDATIONS. It CURES when everything else fails. The

Severest Scrofula and Humors,

where the flesh falls off the bones—the bones are diseased and the DARK OF DEATH seems ready to strike the sufferer. And the reason for this is, that it makes the BLOOD perfectly Pure, Rich Healthy, Quick, Free Nutritious. It CURES all those MARKING cases of DYSPEPSIA and JAUNDICE where the Liver is Swollen and Painful Strength wasting, Appetite gone, Pulse weak, or Feverish, Skin yellow, Nerves deranged. Here it makes Health, Strength, and Vigor to every disordered function of the System—causing them to move on just as Nature requires. And for its WONDERFUL Power over Disease in every form and part which no other Medicine possesses, the public justly style it the

Master Remedy of the Age!

The great secret of all its triumphant success over all other Sarsaparillas is that it does not temper with the patient or prolong his sufferings. But it first attacks the disease and stops it then removes it, then brings up the flesh and strength on a perfectly pure Blood so that the cure is always thorough and permanent. Others only scatter or back on the disease but this EXTERMINATES it wholly from the system—thus saves the patient life while others endanger it. The whole Body is made so healthy by the use of this GREAT MEDICINE the System so vigorous—Mind so cheerful—Nerves so quiet—Sleep so fair—Spirits so buoyant that **Medical Colleges, Professors, and Physicians** also prefer it for the sake of its Superiority. Try it all you who are seeking the PRICELESS BLESSINGS OF HEALTH.

Ladies, Married and Unmarried!

At is for you, especially that this Sarsaparilla is made, as the HEALING ART has been tasked to the utmost to have it exactly suited to **FEMALE COMPLAINTS.** These Complaints have never been cared for as they ought; hence it is that all the medicines which are used with the hope of Cure so invariably and entirely fail. But this Sarsaparilla has the **SPECIAL** ability, to cure every Disease Affection or Pain which comes under this head. It regulates the secretions—corrects the irregularities of the System—restores strength to every part—beautifies the complexion—imparts a flow of spirits—cures palpitation of the Heart—removes Blotches, Pimples, Freckles

Manufactured by

TO THE AFFLICTED.

DR DOUGLASS respectfully informs the citizens of Boston that he may be consulted as to all diseases incident to the human frame, at his office,

No. 55 Union Street.

Dr D has been in extensive practice in all parts of the United States, and has a wide in his possession the best of evidence to show that he is a regular M D. He has been upwards of 40 years in practice. The diseases of females will receive the Dr's particular attention. He will cull all the diseases from an examination of the eye, this is an advantage that Dr D has above all other practitioners, and which will necessarily do away the necessity of a long and ample account explanation on the part of the patient of the disease with which they are afflicted. The age and length of time the patient has been suffering, is all the Dr will require to give them a most thorough knowledge of their complaint and whether of not a cure can be effected.

Dr D has been very successful in the treatment of Colds, Coughs Consumptions and Liver Complaints all Pulmonary diseases Scrofula Rheumatism Dyspepsia and Dysentery all diseases of the Eye and Ear diseases of the Blood Palpitation of the Heart, Gravel Salt Rheum Cancers cutaneous diseases and all affections of the kidneys and bladder. Tic doloureux Hernia Abdominal Weakness, Toothache Intemperance Stammering. Dr D warrants a cure in any of the above diseases if applied to in season.

He would also respectfully inform the ladies that he will attend to their diseases and complaints from 8 to 12 AM and from 2 to 9 PM. A full and general assortment of medicines are kept constantly on hand. Printed directions accompany each bottle or package.

All communications (post paid) with a fee enclosed will be strictly attended to

The Great Remedy for Gonorrhœa

GLEET, Stricture and all malignant complaints, is Dr DOUGLASS'S ARABIAN PASTE. Dr Douglass is well known having practiced in the principal cities in the Union during the last 40 years. His only reason for introducing the Paste in this public manner, is the consciousness that there are thousands of ill treated complaints in this city—thousands of individuals who are going down to premature graves by taking the miserable drugs of quacks

Dr D most solemnly affirms that during his practice of forty years there has never, in one single instance failed of effecting a cure in a few days without any change of diet or hindrance from business. He has had some of the most stubborn cases—cases that have resisted the regular course of treatment adopted by our first physicians for months and even years but after taking the Paste for a few days the angry symptoms disappeared and the patients were discharged entirely cured.

If the unfortunate instead of drugging themselves with quack nostrums, would purchase only one box of the Arabian Paste, how should not see so many emaciated bodies and sallow countenances as we do at the present time.

☞ In case the Paste should fail to effect a cure in the shortest possible time ten times the price paid for it will be given the purchasers on returning the empty boxes.

For sale only by the original inventor and sole proprietor Dr PETER G DOUGLASS at his Office No 55 Union street Boston at $5 per box where he can be confidently consulted on every disease incident to the human frame and the patient rely upon the most beneficial course of treatment that can possibly be adopted.

COMPOUND SYRUP OF

Sarsaparilla and Pipsissewa,

Prepared only by.....

ALBERT EMERSON,

DRUGGIST AND APOTHECARY

Apothecaries' Hall, 4 Smith's Block,

BANGOR

THIS article is confidently recommended as a cure for all diseases arising from an impure state of the Blood such as *Scrofula Salt Rheum Syphilitic and Mercurial Diseases Ulcerous Sores Pimples, and Diseases of the Skin generally.* This Syrup is highly approved by the Medical Faculty and is recommended as an internal remedy only for the purpose of an alterative or as some would express the same thing to purify and renovate the system in all long standing diseases where the fluids of the body have become vitiated.

Pipsissewa (the *Chimaphila Umbellata, or Pyrola Umbellata* as it is variously called by Botanists) was first employed medicinally by the Aborigines of America and was first introduced to the notice of the medical profession in 1803 by the late eminent Physician Dr S L Mitchell of New York. Dr Ferriera of London says that it is an alterative in Scrofula and in other chronic diseases—it is generally supposed to possess almost specific powers, and the Paris of London speaks of a practitioner who relies wholly for success upon Pipsissewa "by which he is enabled to cure Scrofula in its worst forms."

When taken into the stomach, it acts as a tonic producing an agreeable sensation and assisting the appetite and digestive process it promotes the action of the secreting organs more especially the Kidneys over which indeed, it appears to exert a specific influence. In order to insure essentially the benefit derived from Sarsaparilla, we have most admirably combined the Pipsissewa with it so that its tonic and diuretic qualities will materially promote the good effects of Sarsaparilla

The British American Fisheries.

The Editor of Diamond Island Times, supposes, and a strong appeal to the powers that be, at home, relative to the American fishermen exercising their rights in the proscribed waters of our fishing grounds. Convincing in such a quarter, we may reasonably expect it to have the desired effect, and with a united consideration from those who are most deeply interested, the people of these provinces, who are entitled to be put in possession of our undeniable rights. Decisive and stringent measures on the part of our people, with a good protective law would speedily restore our fisheries, and the consequent employment of our own people in the best market in the world for pickled fish—the United States. Our fishermen must take their chance, and submit to the loss of their vessels, if they run off our grounds, and continue fishing in our inland lines and the bellies and Nova Scotia will have the supplying trade in the mark its from Maine to Florida. We can easily do this, for under the present circumstances, we can build and fit out our vessels for the fisheries at a little more than half the cost of the Americans.—Halifax Times & Courier.

The above is a forcible demonstration of several facts regarding the fishing interest to which we have within a few weeks several times called the attention of our readers. The policy advocated by the Free party of abandoning the protective policy and giving to foreign ended free trade in the fisheries, while Great Britain is allowed to maintain her *stringent* measures, will be the utter destruction of our fisheries.

Here is a short paragraph from one of our exchanges showing the practical effect of the free policy in giving the American market to foreign fishermen:—

"The last Cleveland, Ohio, papers notice the arrival of 300 barrels of mackerel direct from Halifax N. S. consigned to a merchant of that city."

The Boston Mail, whose editor is generally quick to notice the practical operation of the free Trade measures, thus comments upon the article we have quoted from the Halifax paper:

"Nothing can better exemplify the necessity of Protection than the above paragraph. The doctrine of Free Trade, as advocated here, would actually deprive thirty thousand American fishermen of employment, render useless thousands of tons of American tonnage, and give to British subjects the entire benefit of the American fisheries. The policy of the British government has invariably been to protect the trade of British subjects from competition, and in no case does it carry that policy, except where it can bring British labor in direct competition with American, and thus take advantage of the disposition of the former. Thus the British government admits coffee free of duty—but does it in order to give the British manufacturer an equal footing with the American in the price of the raw material, well knowing that the cheapness of labor will give the former, under any system of free trade, the whole American market. It is a policy which has been in constant control the markets of both countries, as they now virtually do, with the government of both nations legislating for them. If the people do not comprehend the real effects of free trade, they deserve no better fate than such policy is preparing for them."

☞ The Hallowell Times this week to wriggle itself half clear of its position regarding the interference in the Ohio election, by saying that the Van Buren men had as quite right with the Whigs at the meeting held to Strong as they had, and as those we admit all it now claims and then the resolutions in which the action of that meeting involved it, still remains for, according to its own witnesses there was an interference on the part of the locos and even the Platform will probably think it a trifle too much of a stretch to admit them to an equal, right full, participant in the doings of that meeting.

Come neighbor, was that interference justifiable and worthy of the character as you represented it, or did you participate in it at the Injudicious? Have the matter, if you must, make a show of escape, but out with it in some form either, in defence of your previous article, or by a back out.

Eighty wagons and seven hundred mules, belonging to the army passed through Crockett, Texas, a short time since, on the way to Louisiana from Mexico. Some three or four hundred more wagons are reported to be behind.

☞ We have received a handsome cluster of sweet Water Grapes, raised in this city in the open air, by Capt Sylvanus Rich. The flavor of these grapes is very fine and while such grapes can be raised here in a season like the present, it seems well that more vines be cultivated.

☞ Thanks to Messrs Cushing, Hinman, and Lowell, of the steamer State of Maine, for papers received on yesterday, in advance of the mail.

ELECTIONS.

Pennsylvania & Georgia.

[By Telegraph to the Boston Traveller.]

New York, Oct 11—12 M

[We have received the following election returns from the New York Correspondent. They certainly are highly favorable to the Whigs, and make it appear highly probable that that party have carried both States.]

Returns from Northampton county give Johnson (Whig) 200 majority, in 1844 196, (Southward (part of Philadelphia county, gives 854 for Johnson.

Lawrence (Whig), is elected to the Senate from Philadelphia county, which is a Whig gain.

Henry D Maine is elected to Congress in the 3d District.

In Berks county the Democrats lose 500.

In Philadelphia county, Johnson, Whig, has 300 majority in Kensington District, 119 in Frankford do, 67 in West Philadelphia, 35 in Bristol, 21 in Oxford, 28 in Bakerstown and Moreland, 124 in Blockley, 20 in Bristol township, and 195 in Germantown. Legislative returns show a majority of 72 in North Penn, 755 in Penn District, 85 in Lower Dublin, and 100 in Moyamensing.

The Whigs claim 2800 majority in Allegheny. Beaver County has given 400 majority for Johnson. Whig 163 Whig in 1844.

Dauphin 1265 in jority for the Whigs. In 1844 900 Whig.

Cumberland county 50 Democratic majority and one of each party elected to the Legislature. In 1844 28 Democratic majority.

Carbon county 91 Democratic maj. In 1844 300 Dem.

Lebanon county 840 whig. In 1844 730 whig.

The Whigs have undoubtedly carried both branches of the Legislature and their candidate for Governor.

Incomplete returns are compared with a Democratic majority of 4000.

OHIO

Concinnatti gives Ford Whig 1736 majority and 250 gains, four wards to hear from.

In Hamilton county five out of six townships give Corwin gains. Wetter Democrat but a Whig gain of 98. There are eight townships to hear from. Wetter's majority reduced at 1000. 1500 Democratic majority in 1844.

Ashtabula (Western Reserve,) gives Ford 240. Waller 48. Giddings, for Congress, has 108 majority.

Jefferson County elects Whig Senator and Representatives—31 Whig majority in 1844. In Muskingum Wetter's gains 50.

The Whigs have carried the Governor, a majority of the Members of Congress, and both branches of the Legislature.

Pennsylvania and Ohio Elections.

Partial returns have been received, through the Telegraph of the election yesterday in Ohio and Pennsylvania. We give all received by the Atlas, and other morning papers, without comment or implicit credence in their correctness. The best comparison of the vote in Pennsylvania will be with that given for Governor just preceding the last Presidential election, when the Democratic majority was 4,283.

	1848		1844	
	Whig	Dem	Whig	Dem
Philadelphia city,	4500 maj	....	4077	....
Delaware,	493	....	576	....
Lancaster,	4300	....	3981	....
Berks [about]	...	4000	....	4566
Schuylkill	518	....	....	887
Allegheny, [about]	3000	....	2212	....
	12 911	4,000	10,876	5,393
	8 000		5,393	
	8,911		5 483	

The following are reports of majorities in parts of counties and townships:—

Pittsburgh Allegheny cities give Johnson, Whig, a majority of 1525—last year 903. In the borough of Lancaster Whig majority for Governor 149 and Congress 66—fifty odd more than they Whigs expected. In Mifflin county Erb leads 1,3 Whig majority—gain 21. There was large Whig gain in and about Harrisburg. The Whig candidate for Mayor in Philadelphia is elected by about 4,000 majority.

Lion (Native) is elected to Congress in the First District, and Moore is elected in the Third District—both Whig, the same may be said for Congress in the Delaware District which could not be heard from.

Franklin county gives 600 Whig majority in 29 townships. In Lancaster county the vote as 23 behind the vote for Clay when the county gave him 2,000 majority. The Democrats feel inclined to give up the State.

Schuylkill county which as reported ab ve, exhibits a reverse of its majority since 1844 is a Whig county and its vote betokens a heavy defection from the Democratic party in that region.

OHIO.

We compare the returns received with those for President in 1844, when the Whig majority was 5916.

	1848		1844	
	Whig	Dem.	Whig	Dem
Cuyahoga	1000	—	983	—
Portage	1500	—	163	—
Summit	800	—	785	—
Stark	—	750	—	693
Sandusky,	—	290	—	217
	2800	940	1891	890
	940		890	
	1940		1001	

* The reported majority of this county is doubtful, Round numbers predominate in the returns.

The following are reports of majorities in parts of counties and townships:

Summit county gave 1000 maj for Ford. The whole Whig ticket is elected, except probably Savill (Dem) elected by the Freesoilers.

In Springfield township the Whig majority is 87. Whig representative elected—gain 110 maj last year, whole county ticket elected by 200.

Muskingum county, two thirds of the townships gave 182 Whig gain on Gov Bebb's vote. In this county, Preston elected six townships gave a Whig majority of 99—gain on last year's vote of 38. Ross county six township gave 37 Whig gain. Franklin county 4 township gives Wells 40 maj.

In the Franklin, Muskingum and Pickaway districts there is a Loco gain. Allen (Independent Whig,) beats Giddings in Ashtabula county, and Giddings is behind his ticket.

The Atlas under date of 9 P. M. gives the following:

Ohio—Glorious Victory.

The Western Reserve gives Ford, the Whig candidate for Governor, a majority between 8,000 and 9 000 maj and he is certainly elected.

Georgia

We have a strange telegraphic report that a recording of the result of the election in Georgia. A despatch to the Boston Traveller says "Eighty four counties heard from, give a Democratic gain of 1400 over the election for Governor last year. Wellborn (Dem) has a majority of 200 in the second district."

This is contrary to all previous reports and will if correct, give the Democrats about 4000 majority in that State.

Florida.

We have at last returns in figures from a county in this State. Rose County gives Brown 271, Baily 276, Cabell, (Whig) 206, Dunn 267.

☞ The political news we give to day is quite cheering to the Whigs. We give the returns as they reach us, and their strict accuracy cannot of course be relied upon. Our friends must wait in hope, further returns, and the thorough sifting of the whole matter. The tide is evidently rising in favor of honest Zachary Taylor, and that is comforting. Our opponents can and very likely will prepare their souls in more or less patience until the returns from the back towns are in. We can afford to wait as the general complexion is favorable for the Whig cause.

From Aux Cayes.

By an arrival at Boston dates have been received from Aux Cayes, that the inhabitants were in expectation of a servile insurrection, and, at the request of the white inhabitants, Capt Howard had remained after he was ready to sail, three days, in order to take the whites on board his vessel, in case of an outbreak. The negroes had already committed depredations, and the Governor had called the country troops into the city, to aid in putting down the revolt.

Battle in Yucatan.

An arrival in Baltimore states that a battle had been fought in Yucatan, between the whites and Indians, in which six American officers were killed.

☞ The Official Government paper, is detected and exposed in more tricks of late than almost any journal in the Union; As, for example insinuation that Gen Taylor had been in the receipt of Extra Pay, like the nominee of his own party, who has grown rich upon the spoils of Government. The Union having thus insinuated that Gen Taylor drew more pay for for years of service, than he was entitled to by law. Beverly Johnson put the following questions to Adj General Jones, and received the answer appended as to the facts of the case:—

First—If, from the commencement of his military service to the present time, General Taylor received or received in the form of pay and emoluments or otherwise, one dollar more than the laws in force allowed and

Secondly—whether his pay and emoluments during the period he has been a Major General, have not been the same as those received by General Jackson while he held the same post in the Army of the United States?

Adjutant Gen Jones Reply

WASHINGTON, Oct 22d, 1848

Dear Sir—I duly received your letter of the 30th ultimo, and having examined the article in the "Union" of September 28, referred to, have no hesitation in saying that all the pay and allowances specified as having been received by Major General Taylor, were in strict conformity to law and the regulations of the War Department made pursuant thereto, and are precisely such as any other officer similarly situated would have been entitled to receive.

I am sir, very respectfully,
Your obedient servant
R. JONES, Adj Gen

Hon R. Johnson, Baltimore, Md.

☞ Capt Charles Wiggin who has had much intercourse with the Chinese in their own country, will lecture this evening, before the Mechanics Association, on the manners and customs of the Chinese in every day life.

This will be a lecture worth hearing and remembering. Seats free, and the public are invited to attend.

The Alabama Flag and Advertiser, a paper that supports the nomination of Cass and Butler declares Gen Taylor to be a Wilmot Proviso man. It says:

"We know that he (Taylor) has approved the extension of the ordinance of 1787 to new territory. This ordinance provides that Slavery or involuntary servitude shall not exist in the territory to which it applies, except for crime.—This ordinance is the Wilmot Proviso in another shape."

☞ Thanks to Jerome & Co's Express, for papers received on yesterday, in advance of the mail.

☞ We learn that Rev Dr Pomeroy will preach his farewell discourse at his church on the afternoon of the next Sabbath.

☞ We are informed that Rev Henry Giles will preach at the Universalist church during the day on the next Sabbath.

South Carolina Politics.

The Hon David F Huger, of South Carolina has addressed a long letter to the Charleston (S C) Courier, in which he develops his own views of duty in reference to the Presidential election, and probably the views of large numbers of Democrats in South Carolina and the whole Southern section of the Union. The position he takes is this: Although General Taylor is a better man than General Cass for President, the Democratic party cannot consistently go over to the Whigs as a party and aid in electing Gen Taylor, because, if elected he would be surrounded by Whig counsellors and directed by the Whig party, whose whole policy is diametrically opposed to South Carolina and Southern interests generally. The Northern Whigs, he says, have no sympathy with the South, but the Northern Democrats have, and therefore should receive the support of the South.—Boston Trav.

The Signs of the Times.

Our latest foreign papers tell us that, "such is the improvement in trade in Yorkshire, a large number of American orders for goods will remain unexecuted for the pressure of work in the factories. Here then, we have an effect of the present Tariff which is too plain to be mistaken. While our woollen factories are running on half work or not running at all—while our farmers have nearly all their last year's crop, and many of them a two and three years crop of wool on hand—the great woollen factories of Yorkshire cannot answer their American orders. Why is this? It is not on account of a better raw material, a better fabric, or better machinery, for in these particulars the home manufacturer does not lag behind the English. But English labor is cheaper, and under a tariff which allows the English manufacturer to collude with the importer, the English fabric can be placed in the American market at the very lowest point which the fabric can be manufactured for. Thus, although the home manufacturer could sell as cheap as the English, if he were sure of the market, yet having to compete on unequal terms for that market, and uncertain how much of it he can obtain, he is paralyzed at once. The same cause affects the wool-grower, the fabricer, the merchant, and in fact the whole productive industry of the country.

It is estimated that there are now in the State of Vermont alone three millions of pounds of wool with out a market. Reckoning this at 30 cents per lb (which is about the lowest figure it can be raised with at loss to the wool grower) and we have nearly a million dollars worth of property lying dormant among the ranks of producers in one small State,—quite able for the payment of debts, the purposes of improvement or the comforts of life. It is a dead weight upon the industry of the State; for it not only reduces the value of other real property but it discourages further effort. Now a tariff which would give the home market to the home manufacturer would entirely change this state of things. It would not only set the manufacturing and the farming industry in motion, but brough them all other industry. Nay more it would set capital and confidence in motion, and keep them in motion. Why it would be better for the United States to pay England a regular "tribute" of ten millions per annum directly, than to pay a larger one indirectly, through means that operate so injuriously upon the productive industry of the nation. Our political independence was won from England, at the cost of seven years' war, and 20,000 lives, yet "practical independence" is yielded up in the very worst form for us that we could yield it, and the very best that England could desire, without the asking!—[Boston Mail.

The Extra Pay.

Hon. Andrew Stewart, of Pa., in a letter to the editors of the National Intelligencer, in reference to the ten columns defence for Gen Cass's "Extra Pay," made in the Union, after declaring that he is sorry for having caused the editor so much uneasiness, says:

"I refer him to President Polk's message of the 11th of August last, (Executive document No. 39) printed since the adjournment. Now, I charge Gen Cass with taking, while Governor of Michigan, and ex-officio Superintendent of Indian Affairs, $55,865 extra pay, over and above the amount of his legal and fixed salary of $2,000 a year."

This message, he asserts, not only sustains every one of the charges he has made against Gen Cass but more as they show that Gen Cass received as Marshal of Ohio and Minister to France $26 708 65 over and above the amount of his salaries and his outfit and return, which, regarded as *extra*, will make his extra pay $91 574 11, and his regular and extra pay together $234,234 49. The original charge made by Mr Stewart was but $64 685 46, as extra pay which was denounced by Mr Ritchie as "vituperation and slander" of Mr Cass—and now asks Mr S, "What will they say of Mr Polk, who makes it much worse than I did? What will they now say of Gov Marcy, Secretary of War D Graham, Register of the Treasury, B Hagner, and John M. McCalla, Second and Third Auditors who sustain by their official signatures these statements thus vilifying and slandering Mr Cass, and rendering him if true—as has been said by his friend—unworthy the support of any honest man?"

"It furthermore appears by these official documents," says Mr Stewart, "that Gen Cass charged and received as Governor of Michigan, more than *double* the amount of extra pay received by *all* the other Governors of *all* the Territories of the United States, from the foundation of the Government up to the year 1845. This remarkable fact is established by these records. Can this be right?"

He then in proceeding requests Mr Ritchie to prove the *justice* of this and says that it appears that a great part of the extra pay allowed to the other Governors was allowed by Gen Cass himself, while he was Secretary of War, and based upon his claims for *extra allowance*.

The following extract is full of point and truth:—"Worse than all this in July, 1832, a year after Gen Cass was appointed Secretary of War, he produced an account against the Government, amounting to $53,128 96 for alleged overpayments, running back ten or twelve years, $2,317 16 in 1820 for *Indian* annuities, $1 183 61 an indefinite charge for Indian Department prior to 1829" which if right he could have retrieved in any of his quarterly settlements made during these ten or twelve years, producing a balance in his favor of $35 075. For this alleged balance a requisition was made (No 905) by John Robb, acting Secretary of War in favor of Lewis Cass, then himself Secretary of War on the Treasury and the money being paid the settlement was suspended till 1837, when it was closed by Wm B Lewis. (See pages 232 and 233.) Worse still—an allowance appears to have been made while Gov Cass was Secretary of War, to W Woodbridge, Secty of the Territory, acting as Governor of Michigan of $1,500 a year for three years and twenty five days the time Gov Cass was employed in negotiating treaties, amounting to $4 602 74 for fuel office rent &c between the years 1815 and 1827. So that the Government was thus made to pay $3000 a year *extra* for fuel office rent &c for the territory of Michigan, $1 500 to Governor Cass and $1 500 to acting Governor Woodbridge at the same time. If Mr Woodbridge was entitled to this additional allowance of $1 500 a year why did he not apply for and receive it at that time? Because Gov Cass received it. Why wait twelve or fifteen years till Gov Cass is Secretary of War? And why is this allowed by John Robb acting Secretary of War, while the allowance of $4,378 61 immediately preceding to Mr B Porter Governor of Michigan and of $1 000 to S T Mason acting Governor of Michigan immediately following, are made by Gen Cass Secretary of War?" (For this charge see page 50.) When Mr Ritchie explains *this mystery* he will perhaps hear from me again."

☞ The Penobscot Musical Association which was formed from the Convention assembled in this city, the present week, have chosen the following gentlemen as its officers for the ensuing year:

WM H MILLS President.
SYDNEY K HOWARD, Vice Pres't
E F DUREN Sec'y and Treasurer

DIRECTORS

JOSEPH FORBES,
A P GUILD,
WM ARNOLD, of Bangor
A S FRENCH, of Dexter,

NO. 74 MAIN STREET.
OPEN DAY AND EVENING

Mr Fessenden solicits the patronage of all those who wish to acquire ease and elegance in this beautiful Art, in this system of *Penmanship* fitted for the Counting Room or for Ladies in epistolary correspondence. Copying done to order. Book keeping taught—Hours drawn off. Those who would teach fitted in reasonable time. Call and examine specimens.

Terms—Gentlemen $2,00—Ladies $1,50

Oct 13 4m

FRENCH LANGUAGE.

MONSIEUR LEON, thanking the citizens of Bangor for their liberal patronage heretofore, would respectfully announce to those who are desirous of acquiring an elegant and correct mode of speaking, reading and writing the French Language that he will continue to give instruction in French either at private residences, or at his French Institute No 74 Main Street.

Bangor, August, 1848. d3m—a22

DIED:

In this city Oct. 12th, Ella R., only child of Daniel W and Philinda R Morrill, aged 15 m s.
[Funeral this afternoon, at 3 o'clock.

WHIG AND COURIER
Marine Journal.

BANGOR LYCEUM.

Meeting THIS EVENING, Oct. 13th, at Market Hall, at 7 1-2 o'clock.

Lecture by Rev. Henry Giles, of Boston.

Subject—Don Quixote—"The scope and spirit of the story."

J. BRIGHT, Secretary

P. M. MORSE,
PROFESSOR of Music and Drawing, has arrived amongst us, and will commence giving instruction in his art to those who will favor him with their patronage. To those who are advanced in the practice of the Piano Forte, Mr M would be pleased to acquaint with his method of building the finger.

☞ Information as to terms can be had at Messrs Fenno & Hale's.

Oct 14

CITY OF BANGOR.
MAYOR'S OFFICE
Oct 12 1848

WHEREAS there is reason to believe, that a building lately used for a slaughter house and another appropriated to the seasoning of lumber, recently burned in this city were maliciously set on fire by some evil minded person or persons and the public good demands that every effort should be made to preserve the safety and property of the citizens from danger and bring to condign punishment the guilty offenders.

Therefore I offer a reward of Forty Dollars to any person who will give such information as shall lead to the conviction of the person or persons, who were guilty of the flagrant outrages above mentioned.

WM ABBOT Mayor

NOTICE.
THE Public are cautioned against purchasing a note of hand for one hundred dollars, dated Sept 26, 1848, payable to F H Fernald & Co or order in six months from its date, with interest and signed by Edward H Bayley. No consideration has been received for said note, and I shall not pay it.
EDWARD H BAYLEY
Bangor, Oct 13 1848 d2t&w1

New Shoe Store!
P. M. BLAKE,
No. 1 Gothic Block,.....Main Street,
HATCH HOUSE,
HAS just opened a fresh and fine stock of the most fashionable and desirable
BOOTS AND SHOES,
for Gentlemen Ladies and Children all of which are of the best quality, and which he will with pleasure show to customers and sell at reasonable rates.

He will be constantly supplied with the best articles in the market from the most popular manufactories, and every new article that comes into fashionable use will be found at this store.

HATS AND CAPS.
Beautiful Fall Style of Hats for fashionable wear together with all Hats for common use. Caps, Umbrellas, &c &c.

The stock on hand is fresh—has been selected with care and with special reference to this market. Purchasers who desire a first rate article at uncommonly low prices will find it for their interest to call.

☞ Remember the Place! ☜
No. 1 Gothic Block.
Oct 13 d1w&w4w

JOSEPH P. JACKSON,
TAILOR & DRAPER,
No. 44 Main Street,
(Chambers opposite the Hatch House,)
WOULD respectfully invite the attention of his friends customers and the public generally to the New Assortment of Fashionable
Cloths, Cassimeres, Doeskins, Vestings & Trimmings
which he shall be happy to make up to order, and warrant to give entire satisfaction.

☞ MR JACKSON will continue as heretofore, to answer all calls for CUTTING or MAKING garments for those who furnish their own cloth, and will do so with promptness, thoroughness and in good taste.

Oct 12 d3taw&w

To the Public.
ENCOURAGED by the ready sale of our pure Sarsaparilla, we have been induced to prepare a
Compound Sarsaparilla Tonic,
being an elegant Bitter in the form of a Syrup and a beneficial substitute for the intoxicating stuff that is so extensively sold under the head of Bitters.

As this is no quack nostrum, or humbug (the manufacturers being willing to certify under oath as to the compositions and their proportions,) we state openly that his preparation consists of Sparsa Sarsaparilla Wild Cherry, Winter Green Dandelion and root the most powerfully alterative of any in the vegetable kingdom.

We recommend this article for Rheumatism, Dyspepsia, Sore in a Salt Rheum, and all humors and impure taints in the blood.

For sale only by the manufacturers
MANN & McFARLAND,
No 57 West Market Square.
o12

THE
Climate of Italy!
....FOR SALE BY....
HENRY A. WOOD & CO.,
No's 1, 2 and 3 Broad St.

SELF REGULATING
Parlor Air Tight
STOVE,
BY the use of which the temperature of a room may be kept without variation for months.—This Stove combines beauty, utility, science and art to a greater degree than any thing ever offered to this community. It will not use one half the wood of a common Air Tight Stove, and not one tenth of an open fire. It will keep a room more comfortable than the best regulated climate or earth. A few dollars expended for one of these Stoves will save life for many years when under the influence of diseases of the Lungs.

This Stove commands the admiration of the learned and unlearned—its operation is more sure than the Magnet and more perfect than the Sun.

Oct 9

Pocket Book Lost.
LOST in this city on Monday, Oct 9th a leather Pocket Book containing $20 in money, and a note against Pillsbury & Leavitt, in favor of the subscriber for $87, the payment of which has been stopped. A reward of $10 will be paid to any one who will return said Pocket Book and contents to the subscriber, at the Commercial Hotel, Water Street.
STEPHEN RAYNOLDS.

NOTICE.
WARMING AND VENTILATION on correct and philosophical principles has recently adopted by a unanimous vote of the School Committee of the city of Boston as will be seen by their printed reports of 1847 and '48 which, after being thoroughly tested in public and private buildings has been generally adopted in concurrence with the views of several other scientific committees and all other gentlemen whose experience has enabled them to become conversant with this method of warming and ventilating dwellings churches school houses, hospitals Pictories stores &c with an abundant supply of fresh healthful warm air The fuel not being allowed to be burnt in iron under any circumstances consequently the oxygen in the air is not destroyed by coming in contact with red hot iron furnace pots or plates
It has abundantly proved itself to be a complete and perfect system
The subscriber having had the practical knowledge and experience in the construction and erection of these improvements from their commencement
Being the inventor of most of them, enables him to be correct in theory and practice
He will give his personal attention to the erection of his Brick Hot Air Ventilating Furnace—also his Portable Ventilating Furnace, Dr Clark's Boston School Stove; also arranging the Ventilating Flues and Ventilators in all parts of the United States—by addressing him at the Stove Range and Hot Air Ventilating Furnace Establishment, Nos. 51 and 53 Blackstone street, where orders will be promptly executed GARDNER CHILSON
Boston, Sept, 27 1848 2m

EVEN SO!
WE cannot call personally upon every one indebted to us, and we must make a public and an urgent call upon every one indebted to us by note or account to pay up immediately
It will be well for all to regard this notice, as this will be the quietest agent we can employ in this business BOYCE & McKINNON
Bangor, Sept, 19

NOTICE.
THE AMERICAN AIR-TIGHT COOKING STOVE Pierce's Patent manufactured by Johnson & Cox Troy N Y
The stoves and Patent having been fully established by the judgment of the Circuit Court of the United States at Boston we hereby give notice that GARDNER CHILSON of Boston, has the exclusive sale of said Stove for Massachusetts, Rhode Island Maine and New Hampshire All infringements on said patent will be promptly prosecuted JOHNSON & COX
Troy, N Y, July 1st, 1848

The American Air Tight Cooking Stove.
If there is not the best Stove in use why so many attempts to infringe upon it? The suit was brought to sustain the Patent and to stop the infringements, and after a most thorough legal investigation these rights were promptly decided, fully sustaining the Patent,
More than Ten Thousand of these Stoves are now in use The testimony of this multitude, the past year, establishes the fact beyond a doubt that there are more good and useful qualities combined in this Stove than ever was or probably ever will be found in any other Stove. The fire-brick oven top is of great value in equalizing the heat around the oven absorbing the steam, causing the bread, &c. to rise and bake light and quick—and bring bread, puddings, &c that flavor of the house brick oven The Kitchen, for roasting in front, is complete The summer arrangement for broiling, frying, boiling, heating of irons, &c, is admirable—The great economy of fuel substantial character and general good quality of this Stove is the cause of its universal admiration
For sale, wholesale and retail, at the Stove, Range and Hot-Air Ventilating Furnace Establishment, Nos 51 & 53 Blackstone Street, Boston
sept. 27 3m GARDNER CHILSON.

MRS. E. KIDDER'S DYSENTERY CORDIAL,
—VS—
Immediate & Perfect Cure
—FOR—
CHOLERA MORBUS, DYSENTERY DIARRHŒA, SUMMER COMPLAINTS OF CHILDREN SEA SICKNESS GENERAL DEBILITY etc etc
WHERE this all powerful antidote is at hand Cholera Dysentery, and Chronic Diarrhœa are no longer to be seriously feared or looked upon with terror—as this Cordial will most assuredly cure the disease in the course of a very few hours if taken at the commencement
It has been before the public for more than sixteen years and was the first article made known to the public as an immediate and perfect remedy for these complaints It has been thoroughly tested in every country and every climate, and its effect has every where proved the same—SURE TO CURE, even where the disease has advanced to the last stage The public may rest assured that it contains neither opium or mineral substances or any thing that is in the least injurious to the constitution
Cholera and Common Cholera Morbus.
This Cordial immediately checks the vomiting relieves the pains stops the Diarrhœa and restores the bowels to a perfectly regular and healthy state however severe the attack may be or however low the patient may have become it invariably restores
Severest cases of Dysentery,
are immediately counteracted, the pains are allayed the bowels healed and no unfrequently the bowels become perfectly regulated and restored in the short space of ten or twelve hours
Chronic Diarrhœa,
either in children or adults of months or years continuance are most readily cured with this Cordial notwithstanding they may be reduced to a mere skeleton it immediately strengthens and shortly restores them to perfect health
Cholera Infantum.
It has saved the lives of many thousand children when reduced to death's door by this complaint, it gives them immediate relief, and they very soon recover
Sea Sickness.
It is a most pleasant and desirable remedy for Sea Sickness It checks the vomiting and readily restores the patient It invariably checks vomiting produced from any cause whatever
Children that are Teething,
if inclined to Diarrhœa, should always be provided with this medicine as it will keep the bowels regulated and keep off the Canker It is wholesome safe and pleasant to the taste, and children are fond of it and will take it without trouble or dislike
For General Debility and Dyspepsia.
It is a most excellent restorative, giving a healthy tone to both the stomach and bowels and prevents food from pressing or disturbing the stomach
☞ ***CAUTION.***
Beware of those impositions which are daily palmed off upon the public bearing the name of my article which is MRS KIDDER'S DYSENTERY AND DIARRHŒA CORDIAL which name imposters have borrowed Also they have copied my advertisements and prefaces Doubtless they have done this for the purpose of palming off their worthless articles at the expense and reputation of this original and most popular medicine that ever came before the public
Be sure that you obtain MRS E KIDDER'S Cholera Morbus, Dysentery and Diarrhœa Cordial and you will get the only true and original article which has ever been held in the highest estimation by the public throughout the whole country
It is put up in bottles holding nearly a quart intended for family use and sold at One Dollar a bottle
Sold by MRS. E. KIDDER,
No 100 COURT STREET, BOSTON
who is the inventor and sole proprietor Druggists and Apothecaries supplied as formerly, in large or small quantities

Nos. 80 & 82 Main St.

AND

Nos. 2 & 4 Wall Street,

BANGOR.

BAY STATE COOKING STOVE.

THIS Stove now stands prominent above all others for simplicity, beauty, convenience and economy Science and Art have joined hands in the combination of this Stove and given to the world the highest and best specimen of their union in this matchless production So universal is the testimony of housewives in favor of this Stove that the purchaser in all cases is allowed to use the same for four weeks, and if not found to be entirely satisfactorily the Stove can be returned and the money will be refunded and all expenses paid

This Stove can be instantly changed either to a common cooking stove or to an Air tight. It has the large room of any Stove of its size and cast over inside and it bakes to a charm Broiling is effected over the common fire of the Stove It has four openings for Boilers It is the admiration of cooks and takes the lead and ahead of every sort of Stove yet constructed It is believed to be the greatest effort of human skill, not only for its unapproachable convenience, but also for its durability and its beauty. It was made to excel all others and all who examine it decide at once in its favor

The public are invited to examine this Stove, and if an object to purchase any other until they have learned its merits

CONSUMPTION CURED!

Buchan's Hungarian Balsam of Life.

THE GREAT ENGLISH REMEDY FOR *COLDS, COUGHS, ASTHMA and CONSUMPTION*

BUCHAN'S HUNGARIAN BALSAM, the Great English Remedy for Pectoral and Pulmonary diseases, still stands unrivalled and unsurpassed as the most elegant agreeable, and effectual curative of these formidable complaints, now known to the civilized world

Three years time of trial in the United States, during which time it has been distributed from Maine to Florida, has only served to establish its pre-eminent merit in all parts of the country, as the great and only RELIABLE REMEDY in the worst cases of Pulmonary disease, and the best and most agreeable curative of all the slight forms of colds, cough and inflammations that can possibly be used

INCONTESTABLE PROOFS

Of the efficacy of this Balsam in the worst forms of Consumption

IMPORTANT MEDICAL TESTIMONY.

DR. BRADLEE—Dear sir The Hungarian Balsam is, beyond all question, a most perfect and admirable preparation for diseases of the Lungs I have used it in my family, and in my professional practice for more than two years with the most unfavorable and desperate cases, in cases of *severe Pulmonary disease*, and I can conscientiously recommend it to all who are afflicted as the most certain remedy for such diseases with which I am acquainted Yours respectfully,

FREDERIC T STORER, M D

Saco Me, May 23 1846

Reliable Evidence of the Efficacy of BUCHAN'S HUNGARIAN BALSAM

[From the Christian Freeman]

While we repudiate quackery, we are always pleased to give credit or that which is truly useful, and to give information to those who feel an interest in it. A few days ago a brother of ours, from Norway, Me, came into our office in comfortable health, whom we did not expect to see again on earth. We received a letter a few weeks since from another brother resident in the house with him, saying that he was so about to die and could not probably continue but a short time Judge then of our surprise when we saw him enter our office He has a slight cough remaining, as it would be natural that he should have, until he has had further time to be acquiring strength of lungs but he is in comfortable health The following letter which he addresses to the general Boston Agent for the medicine which has restored him so wonderfully will show what medicine has been the instrument of the good work

Dr D F Bradlee—Sir—I cannot refrain from saying a word to you in commendation of "Buchan's Hungarian Balsam of Life" Here is a plain statement of facts in relation to my case, and if they are of any service in inducing the sick to seek relief at the source from whence I obtained it, I shall be thankful.

My residence is Norway Me I took a cough in the fall I took a violent cold which left a cough of the most aggravated kind, accompanied by a severe pain in the side and breast I had become so feeble that I was obliged to quit all work, and was confined to the house until about four weeks since During that time I received the best medical attendance, and tried nearly all the medicines which are recommended in such cases, but could find no relief, but grew worse, and to the last three weeks was confined to my bed I was of my physicians gave me up past recovery But as fortune would have it, I heard of the Hungarian Balsam and immediately procured a bottle I has given me instant relief, and a bottle have broken up my cough, and placed me in a situation to resume, with advancing health, my usual occupation

BE WISE TO-DAY!

Delays in any case of Consumptive tendency, is emphatically Death, under all ordinary treatment. The Hungarian Balsam is a great ARRESTER as well as CURATIVE If you have any symptoms above described, be advised in time

Sold in large bottles at only one dollar per bottle

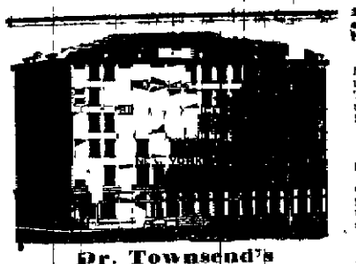
No. 47 and 49 West Market Square.



Dr. Townsend's

COMPOUND EXTRACT OF

SARSAPARILLA,

Wonder and Blessing of the Age.

THE MOST EXTRAORDINARY MEDICINE IN THE WORLD.

This Extract is put up in Quart Bottles—it is six times cheaper, pleasanter, and warranted superior to any sold It cures without vomiting, purging, sickening, or any debilitating the Patient.

The great beauty and superiority of this Sarsaparilla over all other medicines is, while it eradicates diseases it invigorates the body It is one of the very best *SPRING AND SUMMER MEDICINES* ever known; it not only purifies the whole system and strengthens the person, but it *creates new, pure and rich blood*, a power possessed by no other medicine. And in this lies the great secret of its wonderful success—It has performed within the last five years, more than 100,000 cures of severe cases of disease, at least 15,000 were considered incurable It has saved the lives of more than 5,000 children during the two last seasons

10,000 *CASES OF GENERAL DEBILITY AND WANT OF NERVOUS ENERGY*

Dr Townsend's Sarsaparilla invigorates the whole system permanently To those who have lost their muscular energy by the effects of exercise or indiscretion committed in youth, or the excessive indulgence of the passions, and brought on a general physical prostration of the nervous system, lassitude, want of ambition, fainting sensations, premature decay and decline, hastening toward that fatal disease, consumption, can be entirely restored by this pleasant remedy This Sarsaparilla is far superior to any

INVIGORATING CORDIAL,

As it renews and invigorates the system gives activity to the limbs, and strength to the muscular system, in a most extraordinary degree

CONSUMPTION CURED

Diseases and Strengthen Consumption can be cured Bronchitis, Consumption, Liver Complaint, Colds, Catarrh, Coughs, Asthma, Spitting of Blood, Sore Throat in the Chest, Hectic Flush, Night Sweats, Difficult or profuse expectoration, Pain in the Side, &c, have been and can be cured

SPITTING BLOOD

New York, April 28, 1847

Dr Townsend—I verily believe that your Sarsaparilla has been the means through Providence of saving my life I have for several years had a hard cough It became worse and worse At last I raised large quantities of blood, had night sweats, and was greatly debilitated and reduced, and did not expect to live.—I have only used your Sarsaparilla a short time, and there has a wonderful change been wrought in me I am now able to walk all over the city. I raise no blood, and my cough is left me You may use this if you think it can thankful for these results.

Your obedient servant,

WM RIDSELL, 65 Cather st.

RHEUMATISM

This is only one of many than four thousand cases of Rheumatism that Dr Townsend's Sarsaparilla has cured The most severe and chronic cases are weekly eradicated by its extraordinary virtues

James Cummings, Esq, one of the assistants in the Lunatic Asylum, Blackwell's Island, is a gentleman spoken of in the following letter.

Blackwell's Island, Sept 14, 1847

Dr Townsend—Dear Sir, I have suffered terribly for nine years with the Rheumatism, considerably of the time I could not eat, sleep or walk. I had the utmost difficulty in using my limbs were terribly swollen I have used our bottles of your Sarsaparilla and they have done me more than one thousand dollars worth of good I am so much better—indeed I am entirely relieved I consider it a duty to state this for the benefit of the afflicted Yours, respectfully,

JAMES CUMMINGS

FITS! FITS FITS!

Dr Townsend, not having tested his Sarsaparilla in cases of Fits, I feel reluctant to recommend it, and was surprised to receive the following from an intelligent and respectable Farmer in Westchester County

Fordham, August 13, 1847

Dr. Townsend—Dear Sir I have a little girl, seven years of age, who has been never free from Fits, we have tried almost every thing for her, but with no success at last, although we could find no recommendation in your circulars for cases like hers, we thought, as she was in very delicate health, we would give her a use of your Sarsaparilla, and are very glad we did for it has only restored her strength, but she has had no return of the Fits, to our great pleasure and surprise She is fast becoming rugged and healthy for which she feel grateful Yours, respectfully,

JOHN BUTLER, Jr

EFFWALF MEDICINE

Dr Townsend's Sarsaparilla is a sure, safe and speedy cure for Incipient Consumption, Barrenness, Profuse Uterine Falling of the Womb, Confirmed Fits, Leucorrhœa or Whites, Obstructed or difficult Menstruation, Incontinence of Urine or involuntary discharge thereof and for the painful prostration of the system—no matter what is the result of injudicious causes, produced by irregularity, illness or accident Nothing can be more surprising in its invigorating effects on the human frame For all weakness arising from indiscretion, at once become lost and full of energy under its influence, it immediately counteracts the ominous mass of the female frame which is the great cause of Barrenness—It will not be expected of us, nor is it in its nature, to exhibit or publish a list of cures performed, but we assure the sick that hundreds of cases have been reported to us Thousands of cases where families have been without children for a few bottles of this invaluable medicine, have been blessed with fine, healthy offspring

TO MOTHERS AND MARRIED LADIES.

Dr Townsend's Sarsaparilla has been expressly prepared in reference to female complaints No female who has reason to suppose she is approaching that critical period, *"The Crisis of Life"* should neglect to take it, as it is a certain preventative for any of the numerous and horrible diseases which females are subject at this time of life This period *may be delayed for several years by using this medicine* Nor is it less valuable for those who are in a contrary condition as it is calculated to establish nature, by purifying the blood, and invigorating the system In cases this medicine is invaluable for all the delicate diseases to which women are subject

It braces the whole system, renews permanently the natural energies—by removing the impurities of the body, not so far stimulating as to produce subsequent relaxation—which is the case of most medicines taken for female weakness and disease By using a few bottles of this medicine, many severe and painful surgical operations may be prevented.

GREAT BLESSING TO MOTHERS AND CHILDREN

It is the safest and most effectual medicine for purifying the system, and relieving the suffering attendant upon childbirth over this wound It strengthens both the mother and child, prevents pain and disease, increases and encreases the food—those who have read it think it is indispensable It is highly useful both before and after confinement as it prevents diseases attendant upon childbirth—in Chetlessness, Cramps, Swelling of the Feet, Dependency, Hoarseness, Vomiting, Pain in the Back and Loins, False Pains, Hemorrhage, and in regulating the secretions and equalizing the circulation it has no equal The great beauty of this medicine is, it is always safe, and the most delicate use it most successfully, very few cases require any other medicine—in some a little Castor Oil or Magnesia is useful Exercise in the open air, and light food with this medicine, will always insure a safe and easy confinement.

BEAUTY AND HEALTH

Cosmetics, Chalk and a variety of preparations generally in use, when applied to the face, very soon spoil it of its beauty They close the pores of the skin, and check the circulation, which, when nature is not thwarted by cosmetics or powders, or the skin inflamed by the alkaline lye in soaps, or nitrous oxide in production in the human face divine," as well as the garden of rich and delicately tinted and variegated flowers. A free, active and healthy circulation of the fluids of the system of the pure, rich blood to the extremities, is that which paints the complexions in the most exquisite beauty. It is that which imparts the indescribable shades and flashes of loveliness that all admire but none can describe This beauty is the offspring of nature—not of powder or soap If there is not a free and healthy circulation, there is no beauty. If the lady is fair as drifted snow, she paints, and use cosmetics, and the blood is thick, cold, and impure, she is not beautiful. If she be brown or yellow, and there is pure and active blood, it gives a rich bloom to the cheeks, and a brilliancy to their eyes, that is fascinating.

This is the reason why the southern, and especially the Spanish ladies, are so much admired. Ladies in the north who take but little exercise are confined in close rooms, or have spoiled their complexion by the application of deleterious mixtures, if they wish to regain a elasticity of step, buoyant spirits, sparkling eyes, and beautiful complexion, they should use Dr Townsend's Sarsaparilla Thousands who have tried it, are more than satisfied, are delighted, ladies of every station crowd our office daily.

NOTICE TO THE LADIES.

Those that imitate Dr. Townsend's Sarsaparilla have invariably called their stuff a *grand remedy for females*, &c, &c, and have copied our bills and circulars which relate to the complaints of women, word for word—other men who get up medicine claim the great ancestors Dr. Townsend's Sarsaparilla, is independently incident to females, recommended ladies, although previously they did not A number of these Mixtures, Pills, &c, are in imitation of ours, and they urge you to dispose, and wind up in the scoundrelism.

SCROFULA CURED.

This Certificate conclusively proves that this Sarsaparilla has perfect control over the most obstinate disease of the blood. Three persons cured in one house in a short time.

THREE CHILDREN.

Dr Townsend Dear Sir—I have the pleasure to inform you that three of my children have been cured of the Scrofula by the use of your excellent medicine.—They were afflicted very severely with bad sores; have taken only four bottles, it took three a year, for which I feel myself under great obligation. Yours respectfully,

ISAAC W CRAIN, 105 Wooster st

OPINIONS OF PHYSICIANS

Dr Townsend is almost daily receiving orders from physicians in different parts of the Union

This is to certify that we, the undersigned, Physicians of the City of Albany have in numerous cases prescribed Dr Townsend's Sarsaparilla and believe it to be one of the most valuable preparations of the Sarsaparilla in the market H P PILKINS, M D,

J WEISSE, M D, R R BRIGGS, M D,

P L FLMENDORF, M D

Albany, April 1 1846

CAUTION.

Owing to the great success and immense sale of Dr Townsend's Sarsaparilla a number of men who were formerly our Agents, have commenced making Sarsaparilla Extracts, Elixirs, Bitters, Extracts of Yellow Dock, &c They generally put it up in the same shaped bottles, and some of them have stole and copied our advertisements,—they are worthless imitations, and should be avoided

Principal Office, 196 Fulton st, Sun Building, N Y, Sold Wholesale and Retail in Bangor by G W LADD, only authorized Agent *Sub Agents*—Orono, F B Butler & Co, Oldtown, H & J Y Richardson and R R Kendall, Frankfort, Charles Johnson and Dr N Gilman Levant, T P Buchelder; Dover Barrett & Vaughan, Dexter, F McGrath, Stetson, D G Allen, Hartland, Fuller & Ireland, Dixmont, Sam'l Bingay, Troy, Whitehouse & Linby, Unity, H Whitehouse, Monson, A G Houston, Charleston G A Pierce, Plymouth W R & J Soper, Pittsfield Keagy & A Smith, Hartswankeag, Ann Smith, Ben'n Newburg, Seth Newcomb, Burnham, Barrett & Moody, Corinth, E & L Wheeler, Newport Justus Kirby

M'Alister's All-Healing Ointment.

WHEN this Ointment is warm upon the chest and warmed into the feet, it not only acts upon the organs of the chest, but the whole nervous system feels its influence It moves along on the nerves, and thus find sals way to the liver, lungs stomach and brain imparting increased activity and energy to these organs while it separates and sets free every impurity or humor that may be lodged there, and expels it to the surface Hence the extraordinary rapidity and certainty with which it cures asthma, coughs and liver complaint Also headache, agues, consumption and spinal diseases

Its first action is to open the pores of the flesh, impart tone and nervous energy to the skin, and then penetrate to any part of the internal viscera, and expel diseased and impure particles from the system It performs precisely in sickness what nature performs for herself in health having the full use of every function of the body

It is this power which enables the ointment to sweep off all cutaneous eruptions skin diseases of every nature, also to subdue all inflammations, fevers and all bowel complaints—in short by keeping the pores of the skin open, and restoring health and nervous energy to all the organs of the body.

READ THIS.

PORTSMOUTH April 8, 1848

Mr James McAlister—Dear Sir—Having purchased a few bottles of your Hair Oil last summer, I persuaded my sister who had lost her hair from some disease of the head to try it She had used Bogle's Hyperion Fluid and several other articles recommended for the hair without any beneficial results but after having made use of one Hair Oil a short time the hair began to make its appearance and she has now a fine head of hair

Respectfully yours

SAMUEL A BADGER

GRAY HAIR can be restored to its original color, whether Auburn, Brown or Black, and of Red Hair can be changed with any dark color, surpassing in beauty even the most natural, by using the genuine and so famous of the original Dr O M Batchelor's

Permanent Liquid Hair Dye

Of no preparation can it be said that it stands at the head of all other preparations of the kind. It is *free from all injurious properties*, and *cannot injure the skin* under any circumstances. Its effect is gradual, and it does not stain the skin or wash out

In short from its perfect adaptedness, it is easy application, it is worth the attention of all who may wish to restore the color of the Hair, and make any change, from a shade to a perfect new one, it is unexceptionable to state that we have presented it to public view, in the full confidence that it will be found to be the best article of the kind ever offered to the public. Any change from a beautiful Auburn Brown or Black can be made by using the Liquid Dye. For sale in Bangor by G W LADD

Patent Mill Wheels.

Timbey's Patent

Two Ven Cast Iron Water Wheels

—for—

SAW MILLS,

Invented by T. R. Timbey of Cato N. Y

THE undersigned would invite the attention of the Public to the above named WHEELS, which have been thoroughly tested in Company with all other popular

SAW MILL WHEELS

in use at the present time, and they can confidently recommend them with the same head and quantity of water applied as possessing an equal amount of *Strength and Speed*, and giving a more uniform and *Steadily Motion* in and out of the cut and there are not liable to break or rubs and will saw more *Lumber* under a low head than any other Wheel can use

Another advantage which this Wheel has over others is that it is constructed with but few parts for the discharge of water which makes the openings larger and allows the drift stuff to escape without filling up the Wheel

Persons wishing to adopt the BEST WHEEL will do well to call and examine before purchasing elsewhere

We would also call the attention of Mill Owners and Operators to

Valentine's Patent

Reversing Centrifugal Water Wheel,

—FOR—

"UPRIGHT SHAFTS."

WHICH are adapted for driving all kinds of Machinery in Manufacturing establishments or Mills and are made of diff rent sizes to give any amount of power required The great reputation these Wheels have acquired by the successful operation of several hundred of them lately sold and in use we feel confident in recommending them as combining more advantages than any other Wheel, for perpendicular Shafts now in use

As evidence of the merits of this Wheel we would refer to the following extract from the report of experiments made with the same by HIRAM A. BEARD Esq *Civil Engineer*—Lowell Mass who is well known as one of the most scientific and experienced practical Engineers in this country

"This wheel is formed with curved floats the number depending upon the size and speed of the Wheel, each extending so far around the Wheel that when the water arrives at the floats it is so far expended that it falls very feebly from the Wheel The Wheel is inclosed in a cylindrical wooden curb or flume, in which the water stands at its full head, the column being supported by the stationary plate underneath the Wheel so that it has no downward pressure upon the Wheel which stands perfectly free in the column of water and by this arrangement all the friction on the pivot and bearing of the Wheel is avoided, and so much the power saved which in the ordinary modes of operation is wholly lost

This Wheel is adapted to low as well as high heads of water and will run as well in a low water as out of it preventing the head rise in a freshet faster as the back water But a Wheel which is so tightly gauged for a high head will run slower in a low one, and vice versa for as the head increases the width of the jets should be proportionally decreased, so that the quantity of water may not run to waste, and not give the best effect to the Wheel

On point of power the trials show conclusively that this Wheel is superior to the low pressure Breast Wheels as it has the advantage of working with good effect in situations where the breast Wheel would be worth less or be totally useless, repairs, easily accessible when they do occur, costs much less in the outlay, is much more durable and takes very much less room in a mill Simplicity of structure durability of performance of application and excellent effect power are the grand points of recommendation with this Wheel

THIAMAR A BEARD *Civil Engineer*
